Dear Members of The Asper Foundation:

We are delighted that The Asper Foundation has chosen once again for the fifth year to support Tree Canada. Your contribution will help us plant trees across Canada for non-commercial purposes to help alleviate the effects of carbon dioxide emission by 1,200 program participants from across Canada, travelling to Washington, DC.

We look forward to the finalization of Dr. Israel Asper's vision with the grand opening in 2014 of the Canadian Museum for Human Rights in Winnipeg.

Indeed, when we think of the enormous benefits of planting and caring for trees, you can be assured that together we are truly making a measurable difference in the quality of life for all Canadians.

On behalf of our Chairman, Timo Makinen and our Board of Directors, thank you again for your commitment and passion for trees and the benefits they provide. Together we are doing our part growing better places to live.

Yours sincerely,

  
Michael Rosen, R.P.F.  
President
